Social Security Administration

From Wikipedia, the free encyclopedia

http://en.wikipedia.org/wiki/Social_Security_Administration

The [United States Social Security Administration \(SSA\)](#)^[2] is an [independent agency](#) of the United States [federal government](#) that administers [Social Security](#), a [social insurance](#) program consisting of [retirement](#), disability, and survivors' benefits. To qualify for these benefits, most American workers pay Social Security taxes on their earnings; future benefits are based on the employees' contributions.

The Social Security Administration was established by a law currently codified at [42 U.S.C. § 901](#). Its commissioner, [Michael J. Astrue](#), was sworn in on February 12, 2007 for a six-year term.

SSA is headquartered in [Woodlawn, Maryland](#), just to the west of [Baltimore](#), at what is known as Central Office. The agency includes 10 regional offices, 8 processing centers, approximately 1300 field offices, and 37 Teleservice Centers. As of 2007^[update], about 62,000 people were employed by the SSA.^[3] Social Security is currently the largest social welfare program in the U.S., constituting 37% of government expenditure and 7% of GDP.^[4]

[[edit](#)] History

The Social Security Act created a Social Security Board (SSB),^[5] to oversee the administration of the new program. It was created as part of President [Franklin D. Roosevelt's New Deal](#) with the signing of [Social Security Act of 1935](#), August 14, 1935.^[6] The Board consisted of three presidentially appointed executives, and started with no budget, no staff, and no furniture. It obtained a temporary budget from the [Federal Emergency Relief Administration](#) headed by [Harry Hopkins](#).^[5]

The first Social Security office opened in [Austin, Texas](#), on October 14, 1936. Social Security taxes were collected first in January 1937, along with the first one-time, lump-sum payments.^[6] The first person to receive a Social Security benefit was Ernest Ackerman, who was paid 17 cents in January 1937. This was a one-time, lump-sum pay-out, which was the only form of benefits paid during the start-up period January 1937 through December 1939. The first person to receive monthly retirement benefits was [Ida May Fuller](#) of Brattleboro, Vermont. Her first check, dated January 31, 1940 was in the amount of US\$22.54.^[7]

In 1939, the Social Security Board merged into a [cabinet-level Federal Security Agency](#), which included the SSB, the [U.S. Public Health Service](#), the [Civilian Conservation Corps](#), and other agencies.^[8] In January 1940, the first regular ongoing monthly benefits were begun.^[6] In 1946, the SSB was renamed the Social Security Administration under President [Harry S. Truman's](#) Reorganization Plan.

In 1972, [Cost of Living](#) Adjustments (COLAs) were introduced into SSA programs to deal with the effects of [inflation](#) on [fixed incomes](#).

In 1953, the Federal Security Agency was abolished and the SSA was placed under the [Department of Health, Education, and Welfare](#). HEW became the [Department of Health and Human Services](#) in 1980. In 1994, President [Bill Clinton](#) signed into law [42 U.S.C. § 901](#) returning the SSA to the status of an independent agency in the executive branch of government.

[\[edit\]](#) Headquarters

The SSA is one of the few Federal agencies to have its headquarters outside of [Washington, D.C.](#) It was located in [Baltimore](#) initially due to the need for a building that was capable of holding the unprecedented amount of paper records that would be needed. Nothing suitable was available in Washington in 1936, so the Social Security Board selected the Candler Building on Baltimore's [harbor](#) as a temporary location. Soon after locating there, construction began on a permanent building for SSA in Washington that would meet their requirements for record storage capacity. However, by the time the new building was completed, [World War II](#) had started, and the building was commandeered by the [War Department](#). By the time the war ended, it was judged too disruptive to relocate the agency to Washington. The Agency remained in the Candler Building until 1960, when it relocated to its newly built headquarters in Woodlawn.

The road on which the headquarters is located, built especially for the SSA, is named [Security Boulevard \(Route 122\)](#) and has since become one of the major arteries connecting Baltimore with its western suburbs. Security Blvd. is also the name of SSA's exit from the nearby Baltimore Beltway ([Interstate 695](#)). A nearby [shopping center](#) has been named [Security Square Mall](#), and Woodlawn is often referred to informally as "Security." [Interstate 70](#), which runs for thousands of miles from [Utah](#) to [Maryland](#), terminates in a [Park and Ride](#) lot that adjoins the SSA campus.

Due to space constraints and ongoing renovations, many headquarters employees work in leased space throughout the Woodlawn area.

[\[edit\]](#) Coverage

The SSA's coverage under the Social Security program originally covered nearly all non-government workers in the [continental U.S.](#) and the territories of [Alaska](#), [Hawaii](#), Guam and the Commonwealth of the Northern Marianas Islands below the age of 65. All workers in [interstate commerce and industry](#) were required to enter the program, except railroad, state and local government workers. In 1939, the age restriction for entering Social Security was eliminated. When it was introduced, all of these people were brought into [Medicare](#) as well.

Railroad workers were covered by the [Railroad Retirement Board](#) before Social Security was founded; they still are, though a portion of each railroad pension is designated as "equivalent" to Social Security.

Railroad workers also participate in Medicare.

Most state and local government workers were eventually brought into the Social Security system under "**Section 218 Agreements**". A Section 218 Agreement is a voluntary agreement between a state and SSA. The original 218 interstate instrumentalities were signed in the 1950s. All states have a Section 218 agreement with the Social Security Administration. For more information see Chapter 10 of the Social Security Handbook.[\[9\]](#) The Social Security handbook chapter 10, section 1002 defines what is an "interstate instrumentality."[\[10\]](#) The provisions of Section 218 of the Social Security Act and the instrumentalities agreement and subsequent modifications determine social security and medicare or Medicare-only coverage for state and local government employees enrolled in state and local government retirement systems. To determine if your state has signed a 218 agreement contact your State Social Security Administrator. A list of State Social Security administrators that administer section 218 agreement is maintained on-line at[\[11\]](#) All State and local government hired since 1986, or who are covered by section 218 agreements, participate in Medicare even if not covered by Social security.[\[12\]](#) How State And Local Government Employees are covered By Social Security And Medicare see The Federal-State reference guide appendix[\[13\]](#) Other local and state employees were brought into coverage under a 1991 Social Security law that required these employees to join Social Security if their employer did not provide them with a pension plan. It is believed that some state and local governments continue to maintain their own pension plans and have not executed Section 218 agreements; if so, their workers do not participate in Social Security. (If those workers also have service in Social Security, however, their Social Security benefits are reduced by a rule known as the **Windfall Elimination Provision**; there is also a similar **Government Pension Offset** for their spouses.)

[edit] Old Age, Survivors and Disability

The SSA administers the old age, survivors, and disabled social insurance programs, which provide monthly benefits to retired or disabled workers, their spouses and children, and to the survivors of insured workers. In 2004, more than 47 million Americans received approximately US\$492 billion in Social Security benefits. The programs are financed by mandatory contributions which employers, employees, and self-insured persons pay. These revenues are placed into a special [trust fund](#). Also known as [Retirement, Survivors, Disability Insurance](#)(RSDI).

The SSA administers its disability program partly through its Office of Disability Adjudication and Review (ODAR), which has regional offices and hearing offices across the United States. ODAR publishes a manual, called [HALLEX](#), which contains instructions for its employees regarding how to implement its guiding principles and procedures.

Supplemental Security Income (SSI)

SSA administers the SSI program, which is needs-based, for elderly, blind, or disabled persons. This program was originally called by its separate names, Old Age Assistance (originally Title I of the Social Security Act of 1935), and Disability Assistance (added in 1946). In 1973, these assistance programs were renamed and reassigned to SSA. SSI recipients are paid out of the general revenue of the U.S. In addition, some states pay additional SSI funds. Approximately 7 million persons are covered by SSI.

Medicare

The administration of the [Medicare](#) program is a responsibility of the [Centers for Medicare and Medicaid Services](#), but SSA district offices and program service centers are used for determining eligibility, processing premium payments, and for some public contact.

Operations

To ensure consistent and efficient treatment of Social Security beneficiaries across its vast bureaucracy, SSA has compiled a giant book known as the Programs Operations Manual System (POMS) which governs practically all aspects of SSA's internal operations. POMS describes, in excruciating detail, a huge variety of situations regularly encountered by SSA personnel, and the exact policies and procedures that apply to each situation.

A few of the hundreds of [keypunch](#) operators SSA employed throughout the late 1930s and into the 1950s

Automation

While the establishment of Social Security predated the invention of the modern [digital computer](#), [punched card](#) data processing was a mature technology, and the Social Security system made extensive use of automated [unit record equipment](#) from the program's inception. This allowed the Social Security Administration to achieve a high level of efficiency. SSA expenses have always been a small fraction of benefits paid. As a percentage of assets, the administration costs are 0.39%.[\[14\]](#)

Adjudication

SSA operates its own administrative adjudication system, which has [original jurisdiction](#) when claims are denied in part or in full. SSA **decisions are issued by Administrative Law Judges** and Senior Attorney Adjudicators (supported by about 6,000 staff employees) at locations throughout the United States of the **U.S. Office of Disability Adjudication and Review (ODAR)**, who hear and decide challenges to SSA decisions. Dissatisfied claimants can appeal to ODAR's Appeals Council, and if still dissatisfied can **appeal to U.S. District Court**.

Over the years, ODAR has developed its own procedural system, which is documented in the Hearings and Appeals Litigation Law Manual (HALLEX). ODAR was formerly known as the Office of Hearings

and Appeals (OHA) and, prior to the 1970s, the Bureau of Hearings and Appeals. The name was changed to ODAR in 2007 to reflect that about 75% of the agency's docket consists of disability cases. ODAR also adjudicates disputes relating to retirement claims and has jurisdiction when the paternity of a claimant or the validity of a marriage is at issue when a claim is filed for benefits under the earnings record of a spouse or parent. The agency also adjudicates a limited number of Medicare issues, which is a residual of when SSA was part of the U.S. Department of Health and Human Services.

Criticism and controversy

[Bloomberg](#) reported that the Social Security Administration made a **\$32.8 billion mistake when reporting 2009 US wage statistics**. The error when corrected, further reduces the average 2009 US wage to \$39,055.^[15] In 2008 the average US wage was reported as \$39,511. ^[16]

Baby name popularity report

Each year, just before [Mother's Day](#), the Social Security Administration releases a list of the names most commonly given to newborn babies in the United States in the previous year, based on applications for Social Security cards. The report includes the 1,000 most common names for each gender. The Popular Baby Names page on the SSA website provides the complete list and allows searches for past years and particular names.^[17]

Queen Elizabeth controls and has amended U.S. Social Security, as follows:

**S.I. 1997 NO.1778 The Social Security (United States of America)
Order 1997 Made 22nd of July 1997 coming into force 1st September 1997. At
the Court at Buckingham Palace the 22nd day of July 1997. Now, therefore Her
Majesty an pursuance of section 179 (1) (a) and (2) of the Social Security
Administration Act of 1992 and all other powers enabling Her in that behalf,
is please, by and with advise of Her privy Council, to order, and it is
hereby ordered as follows:**

**"This Order may be cited as the Social Security (United States of America)
Order 1997 and shall come into force on 1st September 1997."**

**Does this give a new meaning to Federal Judge William Wayne Justice
stating in court that he takes his orders from England? This order goes on to
redefine words in the Social Security Act and makes some changes in United
States Law.**

**Remember, King George was the "Arch-Treasurer and Prince Elector of the
Holy Roman Empire and c, and of the United States of America." See: Treaty of
Peace (1738) 8 U.S. Statutes at Large. Great Britain which is the agent for
the Pope, is in charge of the USA 'plantation.'**

**What people do not know is that the so called Founding Fathers
and King George were working hand-n-hand to bring the people of America to**

there knees, to install a Central Government over them and to bind them to a debt that could not be paid. First off you have to understand that the UNITED STATES is a corporation and that it existed before the Revolutionary war. See *Respublica v. Sweers* 1 Dallas 43. 28 U.S.C. 3002 (15)

Now, you also have to realize that King George was not just the King of England, he was also the King of France. Treaty of Peace * U.S. 8 Statutes at Large 80.

On January 22, 1783 Congress ratified a contract for the repayment of 21 loans that the UNITED STATES had already received dating from February 28, 1778 to July 5, 1782. Now the UNITED STATES Inc. owes the King money which is due January 1, 1788 from King George via France. Is this not incredible the King funded both sides of the War. But there was more work that needed to be done. Now the Articles of Confederation which was declared in force March 1, 1781 States in Article 12 " All bills of credit emitted, monies borrowed, and debts contracted by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present confederation, shall be deemed and considered a charge against the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged."

Now after losing the Revolutionary War, even though the War was nothing more than a move to turn the people into debtors for the King, they were not done yet.

Now the loans were coming due and so a meeting was convened in Annapolis, Maryland, to discuss the economic instability of the country under the Articles of Confederation. Only five States come to the meeting, but there is a call for another meeting to take place in Philadelphia the following year with the express purpose of revising the Articles of Confederation

On February 21, 1787 Congress gave approval of the meeting to take place in Philadelphia on May 14, 1787, to revise the Articles of confederation. Something had to be done about the mounting debt. Little did the people know that the so called founding fathers were acutely going to reorganize the United States because it was Bankrupt.

On September 17, 1787 twelve State delegates approve the Constitution. The States have now become Constitutors. Constitutor: In the civil law, one who, by simple agreement, becomes responsible for the payment of another's debt. Blacks Law Dictionary 6th Ed. The States were now liable for the debt owed to the King, but the people of America were not because they were not a party to the Constitution because it was never put to them for a vote On August 4th, 1790 an Act was passed which was Titled: - *An Act making provision*

for the payment of the Debt of the United States. This can be found at 1 U.S. Statutes at Large pages 138-178. This Act for all intents and purposes abolished the States and Created the Districts. If you don't believe it look it up. The Act set up Federal Districts, here in Pennsylvania we got two. In this Act each District was assigned a portion of the debt. The next step was for the states to reorganize their governments which most did in 1790. This had to be done because the States needed to legally bind the people to the debt. The original State Constitutions were never submitted to the people for a vote. So the governments wrote new constitutions and submitted them to people for a vote thereby binding the people to the debts owed to Great Britain. The people became citizens of the State where they resided and ipso facto a citizen of the United States. A citizen is a member of a fictional entity and it is synonymous with subject.

What you think is a state is in reality a corporation, in other words, a Person.

"Commonwealth of Pennsylvania is Person." 9 F. Supp 272
"Word "person" does not include state." 12 Op Atty Gen 176.

There are no states, just corporations. Every body politic on this planet is a corporation. A corporation is an artificial entity, a fiction at law. They only exist in your mind. They are images in your mind, that speak to you. We labor, pledge our property and give our children to a fiction.

Now before we go any further let us examine a few things in the Constitution.

Article six section one keeps the loans from the King valid it states; All Debts contracted and Engagements entered into, before the Adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the Confederation.

Another interesting tidbit can be found at **Article One Section Eight clause Two** which states that Congress has the power to borrow money on the credit of the United States. This was needed so the United States (**Which went into Bankruptcy on January 1, 1788**) could borrow money and then because the States were a party to the Constitution they would also be liable for it.

The next underhanded move was the **creation of The United States Bank in 1791**. This was a **private Bank** of which **there were 25,000 shares issued** of which **18,000 were held by those in England**. **The Bank loaned the United States money in exchange for Securities of the United States**

Now the creditors of the United States which included the King wanted paid the Interest on the loans that were given to the United States. So Alexander Hamilton came up with the great idea of taxing alcohol. The

people resisted so George Washington sent out the militia to collect the tax which they did. This has become known as the Whiskey rebellion. It is the Militia's duty to collect taxes. How did the United States collect taxes off of the people if the people are not a party to the Constitution? I'll tell you how. The people are slaves! **The United States belongs to the floundering fathers and their posterity and Great Britain. America is nothing more than a Plantation.** It always has been. How many times have you seen someone in court attempt to use the Constitution and then the Judge tells him he can't. It is because you are not a party to it. We are SLAVES!!!!!!! If you don't believe read **Padelford, Fay & Co. vs. The Mayor and Aldermen of the City of Savannah, 14 Georgia 438, 520** which states: "*But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution, the Constitution, it is true, is a compact but he is not a party to it.*"

Now back to the Militia. Just read Article One Section Eight Clause (15) which states that it is the militia's job to execute the laws of the Union. Now read Clause (16) Which states that Congress has the power to provide for organizing, arming, and disciplining the Militia, and for governing such part of them as may be employed in the service of the United States the Militia is not there to protect you and me, it is their to collect our substance.

As you can plainly see, all the Constitution did is set up a Military Government to guard the King's commerce and make us slaves.

If one goes to **8 U.S. statutes at large 116-132** you will find "***The Treaty of Amity, Commerce and Navigation.***" This Treaty was signed on **November 19th, 1794** which was twelve years after the War. **Article 2** of the Treaty states that the **King's Troops were still occupying the United States.** Being the nice King that he was , he decided that the troops would return to England by June 1st, 1796. The troops were still on American soil because, quite frankly the King wanted them here.

Here is the key to where this started:

Many people tend to blame the Jews for our problems. Jewish Law governs the entire world, as found in Jewish Law by MENACHEM ELON, DEPUTY PRESIDENT SUPREME COURT OF ISRAEL, to wit:

"Everything in the Babylonian Talmud is binding on all Israel. Every town and country must follow all customs, give effect to the decrees, and carry out the enactment's of the Talmudic sages, because the entire Jewish people accepted everything contained in Talmud. The sages who adopted the enactment's and decrees, instituted the practices, rendered the

decisions, and derived the laws, constituted all or most of the Sages of Israel. It is they who received the tradition of the fundamentals of the entire Torah in unbroken succession going back to Moses, our teacher."

We are living under what the Bible calls Mammon. As written in the subject Index, Mammon is defined as ("*Civil law and procedure*").

Now turn to the "*The Shetars Effect on English Law*" -- A Law of the Jews Becomes the Law of the Land, found in "*The George Town Law Journal, Vol 71: pages 1179-1200.*" It is clearly stated in the Law Review that the **Jews are the property of the Norman and Anglo-Saxon Kings**. It also explains that the **Talmud is the law of the land**. It explains how the Babylonian **Talmud became the law of the land, which is now known as the Uniform Commercial Code**.

The written credit agreement -- the Jewish shetar is a lien on all property (realty) and today it's called the mortgage! The treatise also explains that the Jews are owned by Great Britain and the Jews are in charge of the Banking system.

We are living under the Babylonian Talmud, it is were all of our problems come from. It was brought into England in 1066 and has been enforced by the Pope, Kings and the Christian churches ever since. It is total and relentless mind control, people are taught to believe in things that do not exist.

Now before you scream that the UCC is unconstitutional, I'm sorry people, you are not a party to any Constitution. Read the case cite below.

"But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution. The Constitution it is true, is a compact, but he is not a party to it." Padelford, Fay & Co., vs. Mayor and Aldermen of the City of Savannah, 14 Ga. 438, 520

You have to understand that Great Britain, **(Article six Section one)** the United States and the States are the parties to the Constitution not you. Let me try to explain. If I buy an automobile from a man and that automobile has a warranty and the engine blows up the first day I have it. Then I tell the man just forget about it. Then you come along and tell the man to pay me and he says no. So you take him to court for not holding up the contract. The court then says case dismissed. Why? Because you are not a party to the contract. You cannot sue a government official for not adhering to a contract (Constitution) that you are not a party too. You better accept the fact that you are a Slave. When you try to use the Constitution you are committing a CRIME known as CRIMINAL TRESPASS. Why? Because you are attempting to infringe on a private contract that you are not a party to. Then to make

matters worse you are a debt slave who owns no property or has any rights. You are a mere user of your Masters property! Here are just a couple of examples:

"The primary control and custody of infant is with the government."
Tillman V. Roberts, 108 So. 62

"Marriage is a civil contract to which there are three parties-the husband, the wife and the state." **Van Koten v. Van Koten, 154 N.E. 146.**

"The ultimate ownership of all property is in the State: individual so-called "ownership" is only by virtue of Government, i.e. law amounting to mere user; and use must be in accordance with law and subordinate to the necessities of the State." **Senate Document No. 43 73rd Congress 1st Session. (Brown v. Welch, supra)** You own no Property because you are a slave. Really you are worse off than a slave because you are also a debtor.

"The right of traffic or the transmission of property, as an absolute inalienable right, is one which has never existed since governments were instituted, and never can exist under government." **Wynehamer v. The People, 13 N.Y. Rep.378, 481**

Great Britain to this day collects taxes from the American people. The IRS is not an Agency of the United States Government.

All taxpayers have an Individual Master File which is in code. By using IRS Publication 6209, which is over 400 pages, there is a blocking series which shows the taxpayer the type of tax that is being paid. Most taxpayers fall under a 300-399 blocking series, which 6209 states is reserved, but by going to BMF 300-399 which is the Business Master File in 6209 prior to 1991, this was U.S.-U.K. Tax Claims, meaning taxpayers are considered a business and involved in commerce and are held liable for taxes via a treaty between the U.S. and the U.K., payable to the U.K. The form that is supposed to be used for this is form 8288, FIRPTA-Foreign Investment Real Property Tax Account. The 8288 form is in the Law Enforcement Manual of the IRS, chapter 3. The OMB's-paper-Office of Management and Budget, in the Department of Treasury, List of Active Information collections, Approved Under Paperwork Reduction Act is where form 8288 is found under OMB number 1545-0902, which says U.S. with holding tax return for dispositions by foreign persons, of U.S. Form #8288, #8288a.

These codes have since been changed to read as follows: IMF 300-309, Barred Assessment, CP 55 generated valid for MFT-30, which is the code for the 1040 form. IMF 310-399 reads the same as IMF 300-309, BMF 390-399 reads U.S.-U.K. Tax Treaty Claims. Isn't it INCREDIBLE that a 1040 form is a payment of a tax to the U.K.. Everybody is always looking to 26 U.S.C. for the

law that makes one liable for the so called Income Tax but, it is not in there because it is not a Tax, it is debt collection through a private contract called the Constitution of the United States, Article Six, Section One and various agreements. Is a cow paying an income tax when the machine gets connected to it's udders? The answer is no. I have never known a cow that owns property or has been compensated for its labor. You own nothing that your labor has ever produced. You don't even own your labor or yourself. Your labor is measured in current credit money. You are allowed to retain a small portion of your labor so that you can have food, clothing, shelter and most of all breed more slaves. Did you ever notice how many of the other slaves get upset if you try to retain your labor. You are called an extremist, terrorist and sometimes even a freeman. They say that you are anti-government. When the truth of the matter is you just don't want to be a slave. But, you do not have the right to force others to be free if they want to be a slave that is entirely up to them. If they want bow down and worship corporations, let them. The United States, Great Britain and the Pope are not the problem, it is the other slaves. We would be free if the want-to-be-slaves were gone. The United States, Great Britain and the Pope would not even exist, because no one would acknowledge them. I for a matter of fact, think that those who are in power are also tired of the slaves. All the slaves do is stand around and MOO!!! For free healthcare, free education, free housing and they beg those who are in power to disarm them I do agree that a slave should not have access to a firearm. How can you disagree with the government passing out birth control? I hope the breeding of slaves stops or at the very least slows down.

You see, we are cows. The IRS is a company who milks the cows and the United States Inc. is the veterinarian who takes care of the herd and **Great Britain is the Owner of the farm in fee simple. The farm is held in allodium by the Pope.**

Now to Rome.

"Convinced that the principles of religion contribute most powerfully to keep nations in the state of passive obedience which they owe to their princes, the high contracting parties declare it to be their intention to sustain in their respective states, those measures which the clergy may adopt with the aim of ameliorating their interests, so intimately connected with the preservation of the authority of the princes; and the contracting powers join in offering their thanks to the Pope for what he has already done for them, and solicit his constant cooperation in their views of submitting the nations." **Article (3), Treaty of Varona (1822)**

If the Sovereign Pontiff should nevertheless, insist on his law being observed he must be obeyed. Bened. XIV., De Syn. Dioec, lib, ix., c. vii., n. 4. Prati, 1844. Pontifical laws moreover become obligatory without being accepted or confirmed by secular rulers. Syllabus, prop. 28, 29, 44. Hence

the jus nationale, (Federal Law) or the exceptional ecclesiastical laws prevalent in the United States, may be abolished at any time by the Sovereign Pontiff. **Elements of Ecclesiastical Law, Vol. I 53-54. So could this be shown that the Pope rules the world? The Pope is the ultimate owner of everything in the World. See Treaty of 1213, Papal Bull of 1455 and 1492.**

I could go on and on, this is just the tip of the iceberg. Don't let this information scare you because without it you cannot be free. You have to understand that all slavery and freedom originates in the mind. When your mind allows you to accept and understand that the United States, **Great Britain and the Vatican are corporations which are nothing but fictional entities which have been placed into your mind, you will understand that your slavery was because you believed a lie.**

The Ultimate Delusion

By: Stephen Ames

http://www.theforbiddenknowledge.com/hardtruth/ultimate_delusion.htm

Queen Elizabeth controls and has amended U.S. Social Security, as follows: S.I. 1997 NO.1778 The Social Security (United States of America) Order 1997 Made 22nd of July 1997 coming into force 1st September 1997.

See APFN Web Pages: <http://www.apfn.org/apfn/knighthood.htm> ;
<http://www.apfn.org/apfn/queen.htm>

At the Court at Buckingham Palace the 22nd day of July 1997. Now, therefore Her Majesty an pursuance of **section 179 (1) (a) and (2) of the Social Security Administration Act of 1992** and all other powers enabling Her in that behalf, is please, by and with advise of Her privy Council, to order, and it is hereby **ordered as follows:**

"This Order may be cited as the Social Security (United States of America) Order 1997 and shall

come into force on 1st September 1997."

Does this give a new meaning to **Federal Judge William Wayne Justice** stating in court that he **takes his orders from England**?

This order goes on to redefine words in the Social Security Act and makes some changes in United States Law. Remember, **King George was the "Arch-Treasurer and Prince Elector of the Holy Roman Empire and c, and of the United States of America."** See: **Treaty of Peace (1783) 8 U.S. Statutes at Large 80.** Great Britain which is the agent for the Pope, is in charge of the USA ..' What people do not know is that the so called **Founding Fathers and King George were working hand-in-hand** to bring the people of America to their knees, to install a Central Government over them and to **bind them to a debt that could not be paid**. First off you have to understand that the **UNITED STATES is a corporation** and that it **existed before the Revolutionary war**. **See Republica v. Sweers 1 Dallas 43. and 28 U.S.C. 3002 (15)**

The United States is not a land mass, it is a corporation.

Now, you also have to realize that **King George was not just the King of England, he was also the King of France. Treaty of Peace * U.S. 8 Statutes at Large 80.**

On January 22, 1783 Congress ratified a contract for the repayment of 21 loans that the UNITED STATES had already received dating from February 28, 1778 to July 5, 1782. Now the UNITED STATES Inc. owes the King money which is due January 1, 1788 from King George via France. King George funded both sides of the Revolutionary War.

Now the Articles of Confederation which were declared in force March 1, 1781 States in Article 12: "All bills of credit emitted, monies borrowed, and debts contracted by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present confederation, shall be deemed and considered a charge against the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged."

The Articles of Confederation acknowledge the debt owed to King George.

Now after losing the Revolutionary War, even though the War was nothing more than a move to turn the people into debtors for the King, the conquest was not yet complete. Now the loans were coming due and so a meeting was convened in Annapolis, Maryland, to discuss the economic instability of the country under the Articles of Confederation. Only five States come to the meeting, but there is a call for another meeting to take place in Philadelphia the following year with the express purpose of revising the Articles of Confederation On February 21, 1787 Congress gave approval of the meeting to take place in Philadelphia on May 14, 1787, to revise the Articles of Confederation. Something had to be done about the mounting debt. Little did the people know that the so called founding fathers were going to reorganize the United States because it was Bankrupt.

On September 17, 1787 twelve State delegates approve the Constitution. The States have now become Constitutors. Constitutor: In the civil law, one who, by simple agreement, becomes responsible for the payment of another's debt. Blacks Law Dictionary 6th Ed.

The States were now liable for the debt owed to the King, but the people of America were not because they were not a party to the Constitution because it was never put to them for a vote.

See APFN web page <http://www.apfn.org/apfn/money.htm>

On August 4th, 1790 an Act was passed which was Titled.-An Act making provision for the payment of the Debt of the United States. This can be found at 1 U.S. Statutes at Large pages 138-178. This Act for all intents and purposes abolished the States and Created the Districts. If you don't believe it look it up. The Act set up Federal Districts, here in Pennsylvania we got two. In this Act each District was assigned a portion of the debt. The next step was for the states to reorganize their governments which most did in 1790. This had to be done because the States

needed to legally bind the people to the debt. The original State Constitutions were never submitted to the people for a vote. So the governments wrote new constitutions and submitted them to people for a vote thereby binding the people to the debts owed to Great Britain. The people became citizens of the State where they resided and ipso facto a citizen of the United States. A citizen is a member of a fictional entity and it is synonymous with subject. What you think is a state is in reality a corporation, in other words, a Person. "Commonwealth of Pennsylvania is Person." 9 F. Supp 272 "Word "person" does not include state. 12 Op Atty Gen 176.

There are no states, just corporations. Every body politic on this planet is a corporation. A corporation is an artificial entity, a fiction at law. They only exist in your mind. They are images in your mind, that speak to you. We labor, pledge our property and give our children to a fiction. For an in-depth look into the nature of these corporations and to see how you also have been declared a fictional entity. See: AMERICAN LAW AND PROCEDURE. JURISPRUDENCE AND LEGAL INSTITUTIONS. VOL.XIII By James De Witt Andrews LL.B. (Albany Law School), LL.D. (Ruskin University) from La Salle University. This book explains in detail the nature and purpose of these corporations, you will be stunned at what you read.

Now before we go any further let us examine a few things in the Constitution. Article six section one keeps the loans from the King valid it states; "All Debts contracted and Engagements entered into, before the Adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the Confederation."

Another interesting tidbit can be found at Article One Section Eight clause Two which states that Congress has the power to borrow money on the credit of the United States. This was needed so the United States (Which went into Bankruptcy on January 1, 1788) could borrow money and then because the States were a party to the Constitution they would also be liable for it. The next underhanded move was the creation of The United States Bank in 1791. This was a private Bank of which there were 25,000 shares issued of which 18,000 were held by those in England. The Bank loaned the United States money in exchange for Securities of the United States. Now the creditors of the United States which included the King wanted paid the Interest on the loans that were given to the United States. So Alexander Hamilton came up with the great idea of taxing alcohol. The people resisted so George Washington sent out the militia to collect the tax which they did. This has become known as the Whiskey rebellion. It is the Militia's duty to collect taxes. How did the United States collect taxes off of the people if the people are not a party to the Constitution? I'll tell you how. The people are slaves! The United States belongs to the founding fathers, their posterity and Great Britain. America is nothing more than a Plantation. It always has been. How many times have you seen someone in court attempt to use the Constitution and then the Judge tells him he can't. It is because you are not a party to it. We are SLAVES!!!!!!!

If you don't believe read Padelford, Fay & Co. vs. The Mayor and Aldermen of the City of Savannah. 14 Georgia 438, 520 which states " But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution, the Constitution, it is true, is a compact but he is not a party to it."

Now back to the Militia. Just read Article One Section Eight clause (15) which states that it is the militia's job to execute the laws of the Union. Now read Clause (16) Which states that Congress has the power to provide for organizing, arming, and disciplining the Militia, and for governing such part of them as may be employed in the service of the United States.... the Militia is not there to protect you and me, it is their duty to collect our substance. As you can plainly see all the Constitution did is set up a Military Government to guard the King's commerce and make us slaves. If one goes to 8 U.S. statutes at large 116-132 you will find "The Treaty of Amity, Commerce and Navigation". This Treaty was signed on November 19th, 1794 which was twelve years after the War. Article 2 of the Treaty states that the King's Troops were still occupying the United States. Being the nice King that he was, he decided that the troops would return to

England by June 1st, 1796. The troops were still on American soil because, quite frankly the King wanted them here.

Many people tend to blame the Jews for our problems, but they too are for the most part also slaves. Jewish Law does however govern the entire world, as found in Jewish Law by MENACHEM ELON, DEPUTY PRESIDENT SUPREME COURT OF ISRAEL, to wit: "Everything in the Babylonian Talmud is binding on all Israel. Every town and country must follow all customs, give effect to the decrees, and carry out the enactment's of the Talmudic sages, because the entire Jewish people accepted everything contained in Talmud. The sages who adopted the enactment's and decrees, instituted the practices, rendered the decisions, and derived the laws, constituted all or most of the Sages of Israel. It is they who received the tradition of the fundamentals of the entire Torah in unbroken succession going back to Moses, our teacher."

We are living under what the Bible calls Mammon. As written in the subject Index, Mammon is defined as ("Civil law and procedure").

Now turn to the "The Shetars Effect on English Law" -- A Law of the Jews Becomes the Law of the Land, found in "The George Town Law Journal, Vol 71: pages 1179-1200." It is clearly stated in the Law Review that the Jews are the property of the Norman and Anglo-Saxon Kings. It also explains that the Talmud is the law of the land. It explains how the Babylonian Talmud became the law of the land, which is now known as the Uniform Commercial Code which is private international law. The written credit agreement -- the Jewish shetar is a lien on all of the property in the world. The treatise also explains that the Jews are owned by Great Britain and that the Jews are in charge of the Banking system.

We are living under the Babylonian Talmud. It was brought into England in 1066 and has been enforced by the Pope, Kings and the various religions ever since. It is total and relentless mind control, people are taught to believe in things that do not exist. Private International Law, which is commercial law, only deals with fictions, known as persons. A person is a fictional entity at law, not a living being. See UCC 1-201.

Now before you scream that the UCC is unconstitutional I'm sorry people, you are not a party to any constitution. Read the case cite below.

"But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution. The Constitution it is true, is a compact, but he is not a party to it." Padelford, Fay & Co., vs. Mayor and Aldermen of the City of Savannah 14 Ga. 438, 520 You have to understand that Great Britain, (Article six Section one) the United States and the States are the parties to the Constitution not you. Let me try to explain. If I buy an automobile from a man and that automobile has a warranty and the engine blows up the first day I have it. Then I tell the man just forget about it. Then you come along and tell the man to pay me and he says no. So you take him to court for not holding up the contract. The court then says case dismissed. Why? Because you are not a party to the contract. You cannot sue a government official for not adhering to a contract (Constitution) that you are not a party too. You better accept the fact that you are a Slave. When you try to use the Constitution you are committing a CRIME known as CRIMINAL TRESPASS. Why? Because you are attempting to infringe on a private contract that you are not a party to. Then to make matters worse you are a debt slave who owns no property or has any rights. You are a mere user of your Masters property!

Here are just a couple of examples:

"The primary control and custody of infants is with the government" Tillman V. Roberts. 108 So. 62

"Marriage is a civil contract to which there are three parties-the husband, the wife and the state." Van Koten v. Van Koten. 154 N.E. 146.

"The ultimate ownership of all property is in the State: individual so-called 'ownership' is only by virtue of Government, i.e. law amounting to mere user; and use must be in accordance with law

and subordinate to the necessities of the State. Senate Document No. 43 73rd Congress 1st Session. (Brown v. Welch supra)

You own no Property because you are a slave. Really you are worse off than a slave because you are also a debtor.

"The right of traffic or the transmission of property, as an absolute inalienable right, is one which has never existed since governments were instituted, and never can exist under government." Wynehamer v. The People. 13 N.Y. Rep.378, 481

Great Britain to this day collects taxes from the American people. The IRS is not an Agency of the United States Government.

See APFN web page <http://www.apfn.org/apfn/irstax.htm>

All taxpayers have an Individual Master File which is in code. By using IRS Publication 6209, which is over 400 pages, there is a blocking series which shows the taxpayer the type of tax that is being paid. Most taxpayers fall under a 300-399 blocking series, which 6209 states is reserved, but by going to BMF 300-399 which is the Business Master File in 6209 prior to 1991, this was U.S.-U.K. Tax Claims, meaning taxpayers are considered a business and involved in commerce and are held liable for taxes via a treaty between the U.S. and the U.K., payable to the U.K. The form that is supposed to be used for this is form 8288, FIRPTA-Foreign Investment Real Property Tax Account. The 8288 form is in the Law Enforcement Manual of the IRS, chapter 3. The OMB's-paper-Office of Management and Budget, in the Department of Treasury, List of Active Information collections, Approved Under Paperwork Reduction Act is where form 8288 is found under OMB number 1545-0902, which says U.S. with holding tax return for dispositions by foreign persons, of U.S. Form #8288, #8288a.

These codes have since been changed to read as follows: IMF 300-309, Barred Assessment, CP 55 generated valid for MFT-30, which is the code for the 1040 form. IMF 310-399 reads the same as IMF 300-309, BMF 390-399 reads U.S.-U.K. Tax Treaty Claims. Isn't it INCREDIBLE that a 1040 form is a payment of a tax to the U.K.? Everybody is always looking to 26 U.S.C. for the law that makes one liable for the so called Income Tax but, it is not in there because it is not a Tax, it is debt collection through a private contract called the Constitution of the United States Article Six, Section One and various agreements. Is a cow paying an income tax when the machine gets connected to it's udders ? The answer is no. I have never known a cow that owns property or has been compensated for its labor. You own nothing that your labor has ever produced. You don't even own your labor or yourself. Your labor is measured in current credit money, which is debt. You are allowed to retain a small portion of your labor so that you can have food, clothing shelter and most of all breed more slaves.

You see, we are cows, the IRS is company who milks the cows and the United States Inc. is the veterinarian who takes care of the herd and Great Britain is the Owner of the farm in fee simple. The farm is held in allodium by the Pope. Now the picture will become much clearer after reading the next few paragraphs. We will now show the Popes involvement in the scheme of things. "Convinced that the principles of religion contribute most powerfully to keep nations in the state of passive obedience which they owe to their princes, the high contracting parties declare it to be their intention to sustain in their respective states, those measures which the clergy may adopt with the aim of ameliorating their interests, so intimately connected with the preservation of the authority of the princes; and the contracting powers join in offering their thanks to the Pope for what he has already done for them, and solicit his constant cooperation in their views of submitting the nations." Article (3) Treaty of Varona (1822)

If the Sovereign Pontiff should nevertheless, insist on his law being observed he must be obeyed. Bened. XIV., De Syn. Dioec, lib, ix., c. vii., n. 4. Prati, 1844. Pontifical laws moreover become obligatory without being accepted or confirmed by secular rulers. Syllabus, prop. 28, 29, 44.

Hence the jus nationale, (Federal Law) or the exceptional ecclesiastical laws prevalent in the United States, may be abolished at any time by the Sovereign Pontiff. Elements of Ecclesiastical Law. Vol. I 53-54. So could this be shown that the Pope rules the world?

The Pope (Vicar of Christ) claims to be the ultimate owner of everything in the World. See Treaty of 1213, Papal Bulls of 1455 and 1492.

Don't let this information alarm you because without it you cannot be free, You have to understand that all slavery and freedom originates in the mind. When your mind allows you to accept and understand that the United States, Great Britain and the Vatican are corporations which are nothing but fictional entities which have been placed into your mind, you will understand that our slavery is because we believe in fictions.

7. **Social Security Numbers are issued by the UN through the IMF.** The Application for a Social Security Number is the SS5 form. The Department of the Treasury (IMF) issues the SS5 not the Social Security Administration. The new SS5 forms do not state who or what publishes them, the earlier SS5 forms state that they are Department of the Treasury forms. You can get a copy of the SS5 you filled out by sending form SSA-L996 to the SS Administration. (20 CFR chapter 111, subpart B 42 2.103 (b) (2) (2) Read the cites above)

BROWN AND CAMERON OUTLINE RIVAL GREEN VISIONS

'NEW WORLD ORDER' TO SAVE EARTH

EUGENE HENDERSON
@thelondonpaper.com

GORDON BROWN today called for a "new world order" to combat climate change—as he went head-to-head with David Cameron in the battle for the crucial green vote.

Ahead of tomorrow's launch of the Climate Change Bill, the rivals pulled no punches in keynote speeches.

The chancellor, who plans to make the environment a main theme of next week's Budget, praised the EU for agreeing new emission reductions targets last week.

But he urged the United Nations to do more by making climate change a "priority". He said the public must be offered "incentives and not penalties" and dismissed Cameron's ability to take a

lead role because of his party's Euroscepticism.

A Tory government would have "no credibility" within the EU, he told a Green Alliance event at the Café Royal on Regent Street.

But addressing a Tory Party environmental summit Cameron challenged Labour to set annual targets for cutting carbon emissions.

The Tories have proposed putting a fuel duty or VAT—or both—on domestic flights.

Cameron today told an audience at the Great Eastern Hotel in Liverpool Street of the need to open up a "second front" beyond the skies to create a "greener Earth".

He said that when he came to power the "crucial priorities" would be "greener living for families and communities and better protection for our

PRIORITIES | Brown called for UN action

natural environment – on land and sea."

He added: "My vision of a greener future may start with the vital need to tackle climate change but it certainly doesn't end there.

"Greener skies are firmly on the agenda and I'm proud

of the part we have played in that process. But we need a greener earth as well as greener skies."

Cameron played down ex-cabinet minister John Redwood's comments that he was "sceptical" about the science of global warming, saying they were a "jolly aside".

Earlier, when asked about the Climate Change Bill, the Tory leader said the measures must have "real bite and not just be a greenwash".

The Tories' air fuel duty plans were welcomed by environmentalists, but provoked outrage among airlines, which accused them of trying to price ordinary travellers out of the skies.

Recent opinion polls have showed Labour slipping behind the Conservatives on environmental issues.

12. The UN is a One World Super Government.

13. No one on this planet has ever been free. This planet is a Slave Colony. There has always been a One World Government. It is just that now it is much better organized and has changed its name as of 1945 to the United Nations.

14. New York City is defined in the Federal Regulations as the United Nations. Rudolph Gulliani stated on C-Span that "New York City was the capital of the World" and he was correct. (20 CFR chapter 111, subpart B 422.103 (b) (2) (2))

15. Social Security is not insurance or a contract, nor is there a Trust Fund. (Helvering v. Davis 301 US 619, Steward Co. V. Davis 301 US 548.)

16. Your Social Security check comes directly from the IMF which is an Agency of the UN. (Look at it if you receive one. It should have written on the top left United States Treasury.)

Money for its \$400,000 capital stock came from Thyssen's bank Voor Handel En Scheepvaart in Rotterdam. Among members of its board of directors are E. B. Harriman, Ray Morris and Prescott S. Bush, partners in the firm of Brown Brothers Harriman and company, of which W. Averell Harriman is now American minister plenipotentiary to England. Also a director is H. D. Pennington, Brown Brothers Harriman and Co. manager. On Jan. 14, 1941, Knight Wooley, another partner in the Harriman company, wrote to State Banking Superintendent William R. White

...and as history repeats itself, Prescott Bush, father of George HW Bush and grandfather of George W. Bush, funded both sides of World War II. The Bush family have been traitors to the American citizens for decades.

"Sarah, if the American people had ever known the truth about what we Bushes have done to this nation, we would be chased down in the streets and lynched."

George Bush Senior speaking in an interview with Sarah McClendon in December 1992

37. The good news is we don't have to fulfill "our" fictitious obligations. **You can discharge a fictitious obligation with another's fictitious obligation.**

38. **The depression and World War II were a total farce.** The United States and various other companies were making loans to others all over the World during the Depression. The building of Germanys infrastructure in the 1930's including the Railroads was financed by the United States. That way those who call themselves "Kings," "Prime Ministers," and "Furor."etc could sit back and play a game of chess using real people. Think of all of the Americans, Germans etc. who gave their lives thinking they were defending their Countries which didn't even exist. The millions of innocent people who died for nothing. Isn't it obvious why Switzerland is never involved in these fiascoes? That is where the "Bank of International Settlements" is located. Wars are manufactured to keep your eye off the ball. You have to have an enemy to keep the illusion of "Government" in place.

39. **The "United States" did not declare Independence from Great Britian or King George.**

The Ultimate Delusion

Queen Elizabeth controls and has amended U.S. Social Security, as follows: S.I. 1997 NO.1778 The

SOCIAL SECURITY ADMINISTRATION & HOW THE QUEEN OF ENGLAND OWNS SOCIAL SECURITY & THE VATICAN BELIEVES THEY RULE THE WORLD USING US AS SLAVES

44 of 50

Social Security (United States of America) Order 1997 Made 22nd of July 1997 coming into force 1st September 1997.

See APFN Web Pages: <http://www.apfn.org/apfn/knighthood.htm> ;
<http://www.apfn.org/apfn/queen.htm>

At the Court at Buckingham Palace the 22nd day of July 1997. Now, therefore Her Majesty an pursuance of section 179 (1) (a) and (2) of the Social Security Administration Act of 1992 and all other powers enabling Her in that behalf, is please, by and with advise of Her privy Council, to order, and it is hereby ordered as follows:

"This Order may be cited as the Social Security (United States of America) Order 1997 and shall come into force on 1st September 1997."

Does this give a new meaning to Federal Judge William Wayne Justice stating in court that he takes his orders from England?

This order goes on to redefine words in the Social Security Act and makes some changes in United States Law. Remember, King George was the "Arch-Treasurer and Prince Elector of the Holy Roman Empire and c, and of the United States of America." See: Treaty of Peace (1783) 8 U.S. Statutes at Large 80.. Great Britain which is the agent for the Pope, is in charge of the USA ..'

What people do not know is that the so called Founding Fathers and King George were working hand-in-hand to bring the people of America to their knees, to install a Central Government over them and to bind them to a debt that could not be paid. First off you have to understand that the UNITED STATES is a corporation and that it existed before the Revolutionary war. See Republica v. Sweers 1 Dallas 43. and 28 U.S.C. 3002 (15)

The United States is not a land mass, it is a corporation.

Now, you also have to realize that King George was not just the King of England, he was also the King of France. Treaty of Peace * U.S. 8 Statutes at Large 80.

On January 22, 1783 Congress ratified a contract for the repayment of 21 loans that the UNITED STATES had already received dating from February 28, 1778 to July 5, 1782. Now the UNITED STATES Inc. owes the King money which is due January 1, 1788 from King George via France. King George funded both sides of the Revolutionary War.

Now the Articles of Confederation which were declared in force March 1, 1781 States in Article 12:

"All bills of credit emitted, monies borrowed, and debts contracted by, or under the authority of Congress, before the assembling of the United States, in pursuance of the present confederation, shall be deemed and considered a charge against the United States, for payment and satisfaction whereof the said United States, and the public faith are hereby solemnly pledged."

The Articles of Confederation acknowledge the debt owed to King George.

Now after losing the Revolutionary War, even though the War was nothing more than a move to turn the people into debtors for the King, the conquest was not yet complete. Now the loans were coming due and so a meeting was convened in Annapolis, Maryland, to discuss the economic instability of the country under the Articles of Confederation. Only five States come to the meeting, but there is a call for another meeting to take place in Philadelphia the following year with the express purpose of revising the Articles of Confederation. On February 21, 1787 Congress gave approval of the meeting to take place in Philadelphia on May 14, 1787, to revise the Articles of Confederation. Something had to be done about the mounting debt. Little did the people know that the so called founding fathers were going to reorganize the United States because it was Bankrupt.

On September 17, 1787 twelve State delegates approve the Constitution. The States have now become Constitutors. Constitutor: In the civil law, one who, by simple agreement, becomes responsible for the payment of another's debt. Blacks Law Dictionary 6th Ed.

The States were now liable for the debt owed to the King, but the people of America were not because they were not a party to the Constitution because it was never put to them for a vote.

See APFN web page <http://www.apfn.org/apfn/money.htm>

On August 4th, 1790 an Act was passed which was Titled.-An Act making provision for the payment of the Debt of the United States. This can be found at 1 U.S. Statutes at Large pages 138-178. This Act for all intents and purposes abolished the States and Created the Districts. If you don't believe it look it up. The Act set up Federal Districts, here in Pennsylvania we got two. In this Act each District was assigned a portion of the debt. The next step was for the states to reorganize their governments which most did in 1790. This had to be done because the States needed to legally bind the people to the debt. The original State Constitutions were never submitted to the people for a vote. So the governments wrote new constitutions and submitted them to people for a vote thereby binding the people to the debts owed to Great Britain. The people became citizens of the State where they resided and ipso facto a citizen of the United States. A citizen is a member of a fictional entity and it is synonymous with subject.

What you think is a state is in reality a corporation, in other words, a Person.

"Commonwealth of Pennsylvania is Person." 9 F. Supp 272 "Word "person" does not include state. 12 Op Atty Gen 176.

There are no states, just corporations. Every body politic on this planet is a corporation. A corporation is an artificial entity, a fiction at law. They only exist in your mind. They are images in your mind, that speak to you. We labor, pledge our property and give our children to a fiction. For an in-depth look into the nature of these corporations and to see how you also have been declared a fictional entity. See: AMERICAN LAW AND PROCEDURE. JURISPRUDENCE AND LEGAL INSTITUTIONS. VOL.XIII By James De Witt Andrews LL.B. (Albany Law School), LL.D. (Ruskin University) from La Salle University. This book explains in detail the nature and purpose of these corporations, you will be stunned at what you read.

Now before we go any further let us examine a few things in the Constitution.

Article six section one keeps the loans from the King valid it states; "All Debts contracted and Engagements entered into, before the Adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the Confederation."

Another interesting tidbit can be found at Article One Section Eight clause Two which states that Congress has the power to borrow money on the credit of the United States. This was needed so the United States (Which went into Bankruptcy on January 1, 1788) could borrow money and then because the States were a party to the Constitution they would also be liable for it. The next underhanded move was the creation of The United States Bank in 1791. This was a private Bank of which there were 25,000 shares issued of which 18,000 were held by those in England. The Bank loaned the United States money in exchange for Securities of the United States. Now the creditors of the United States which included the King wanted paid the Interest on the loans that were given to the United States. So Alexander Hamilton came up with the great idea of taxing alcohol. The people resisted so George Washington sent out the militia to collect the tax which they did. This has become known as the Whiskey rebellion. It is the Militia's duty to collect taxes. How did the United States collect taxes off of the people if the people are not a party to the Constitution? I'll tell you how. The people are slaves! The United States belongs to the founding fathers, their posterity and Great Britain. America is nothing more than a Plantation. It always has been. How many times have you seen someone in court attempt to use the Constitution and then the Judge tells him he can't. It is because you are not a party to it. We are SLAVES!!!!!!!

If you don't believe read Padelford, Fay & Co. vs. The Mayor and Aldermen of the City of Savannah. 14 Georgia 438, 520 which states " But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution, the Constitution, it is true, is a compact but he is not a party to it."

Now back to the Militia. Just read Article One Section Eight clause (15) which states that it is the militia's job to execute the laws of the Union. Now read Clause (16) Which states that Congress has the power to provide for organizing, arming, and disciplining the Militia, and for governing such part of them as may be employed in the service of the United States.... the Militia is not there to protect you and me, it is their duty to collect our substance. As you can plainly see all the Constitution did is set up a Military Government to guard the King's commerce and make us slaves. If one goes to 8 U.S. statutes at large 116-132 you will find "The Treaty of Amity, Commerce and Navigation". This Treaty was signed on November 19th, 1794 which was twelve years after the War. Article 2 of the Treaty states that the King's Troops were still occupying the United States. Being the nice King that he was, he decided that the troops would return to England by June 1st, 1796. The troops were still on American soil because, quite frankly the King wanted them here.

Many people tend to blame the Jews for our problems, but they too are for the most part also slaves. Jewish Law does however govern the entire world, as found in Jewish Law by MENACHEM ELON, DEPUTY PRESIDENT SUPREME COURT OF ISRAEL, to wit: "Everything in the Babylonian Talmud is binding on all Israel. Every town and country must follow all customs, give effect to the decrees, and carry out the enactment's of the Talmudic sages, because the entire Jewish people accepted everything contained in Talmud. The sages who adopted the enactment's and decrees, instituted the practices, rendered the decisions, and derived the laws, constituted all or most of the Sages of Israel. It

is they who received the tradition of the fundamentals of the entire Torah in unbroken succession going back to Moses, our teacher."

We are living under what the Bible calls Mammon. As written in the subject Index, Mammon is defined as ("Civil law and procedure").

Now turn to the "The Shetars Effect on English Law" -- A Law of the Jews Becomes the Law of the Land, found in "The George Town Law Journal, Vol 71: pages 1179-1200." It is clearly stated in the Law Review that the Jews are the property of the Norman and Anglo-Saxon Kings. It also explains that the Talmud is the law of the land. It explains how the Babylonian Talmud became the law of the land, which is now known as the Uniform Commercial Code which is private international law. The written credit agreement -- the Jewish shetar is a lien on all of the property in the world. The treatise also explains that the Jews are owned by Great Britain and that the Jews are in charge of the Baking system.

We are living under the Babylonian Talmud. It was brought into England in 1066 and has been enforced by the Pope, Kings and the various religions ever since. It is total and relentless mind control, people are taught to believe in things that do not exist. Private International Law, which is commercial law, only deals with fictions, known as persons. A person is a fictional entity at law, not a living being. See UCC 1-201.

Now before you scream that the UCC is unconstitutional I'm sorry people, you are not a party to any constitution. Read the case cite below.

"But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution. The Constitution it is true, is a compact, but he is not a party to it." Padelford, Fay & Co., vs. Mayor and Aldermen of the City of Savannah 14 Ga. 438, 520 You have to understand that Great Britain, (Article six Section one) the United States and the States are the parties to the Constitution not you. Let me try to explain. If I buy an automobile from a man and that automobile has a warranty and the engine blows up the first day I have it. Then I tell the man just forget about it. Then you come along and tell the man to pay me and he says no. So you take him to court for not holding up the contract. The court then says case dismissed. Why? Because you are not a party to the contract. You cannot sue a government official for not adhering to a contract (Constitution) that you are not a party too. You better accept the fact that you are a Slave. When you try to use the Constitution you are committing a CRIME known as CRIMINAL TRESPASS. Why? Because you are attempting to infringe on a private contract that you are not a party to. Then to make matters worse you are a debt slave who owns no property or has any rights. You are a mere user of your Masters property!

Here are just a couple of examples:

"The primary control and custody of infants is with the government" Tillman V. Roberts. 108 So. 62

"Marriage is a civil contract to which there are three parties-the husband, the wife and the state." Van Koten v. Van Koten. 154 N.E. 146.

"The ultimate ownership of all property is in the State: individual so-called 'ownership' is only by virtue of Government, i.e. law amounting to mere user; and use must be in accordance with law and

subordinate to the necessities of the State. Senate Document No. 43 73rd Congress 1st Session. (Brown v. Welch supra)

You own no Property because you are a slave. Really you are worse off than a slave because you are also a debtor.

"The right of traffic or the transmission of property, as an absolute inalienable right, is one which has never existed since governments were instituted, and never can exist under government." Wynehamer v. The People. 13 N.Y. Rep.378, 481

Great Britain to this day collects taxes from the American people. The IRS is not an Agency of the United States Government.

See APFN web page <http://www.apfn.org/apfn/irstax.htm>

All taxpayers have an Individual Master File which is in code. By using IRS Publication 6209, which is over 400 pages, there is a blocking series which shows the taxpayer the type of tax that is being paid. Most taxpayers fall under a 300-399 blocking series, which 6209 states is reserved, but by going to BMF 300-399 which is the Business Master File in 6209 prior to 1991, this was U.S.-U.K. Tax Claims, meaning taxpayers are considered a business and involved in commerce and are held liable for taxes via a treaty between the U.S. and the U.K., payable to the U.K. The form that is supposed to be used for this is form 8288, FIRPTA-Foreign Investment Real Property Tax Account. The 8288 form is in the Law Enforcement Manual of the IRS, chapter 3. The OMB's-paper-Office of Management and Budget, in the Department of Treasury, List of Active Information collections, Approved Under Paperwork Reduction Act is where form 8288 is found under OMB number 1545-0902, which says U.S. with holding tax return for dispositions by foreign persons, of U.S. Form #8288, #8288a.

These codes have since been changed to read as follows: IMF 300-309, Barred Assessment, CP 55 generated valid for MFT-30, which is the code for the 1040 form. IMF 310-399 reads the same as IMF 300-309, BMF 390-399 reads U.S.-U.K. Tax Treaty Claims. Isn't it INCREDIBLE that a 1040 form is a payment of a tax to the U.K.? Everybody is always looking to 26 U.S.C. for the law that makes one liable for the so called Income Tax but, it is not in there because it is not a Tax, it is debt collection through a private contract called the Constitution of the United States Article Six, Section One and various agreements. Is a cow paying an income tax when the machine gets connected to it's udders ? The answer is no. I have never known a cow that owns property or has been compensated for its labor. You own nothing that your labor has ever produced. You don't even own your labor or yourself. Your labor is measured in current credit money, which is debt. You are allowed to retain a small portion of your labor so that you can have food, clothing shelter and most of all breed more slaves.

You see, we are cows, the IRS is company who milks the cows and the United States Inc. is the veterinarian who takes care of the herd and Great Britain is the Owner of the farm in fee simple. The farm is held in allodium by the Pope. Now the picture will become much clearer after reading the next few paragraphs. We will now show the Popes involvement in the scheme of things. "Convinced that the principles of religion contribute most powerfully to keep nations in the state of passive obedience which they owe to their princes, the high contracting parties declare it to be their intention to sustain in their respective states, those measures which the clergy may adopt with the aim of ameliorating their

interests, so intimately connected with the preservation of the authority of the princes; and the contracting powers join in offering their thanks to the Pope for what he has already done for them, and solicit his constant cooperation in their views of submitting the nations." Article (3) Treaty of Varona (1822)

If the Sovereign Pontiff should nevertheless, insist on his law being observed he must be obeyed. Bened. XIV., De Syn. Dioec, lib, ix., c. vii., n. 4. Prati, 1844. Pontifical laws moreover become obligatory without being accepted or confirmed by secular rulers. Syllabus, prop. 28, 29, 44. Hence the jus nationale, (Federal Law) or the exceptional ecclesiastical laws prevalent in the United States, may be abolished at any time by the Sovereign Pontiff. Elements of Ecclesiastical Law. Vol. I 53-54. So could this be shown that the Pope rules the world?

The Pope (Vicar of Christ) claims to be the ultimate owner of everything in the World. See Treaty of 1213, Papal Bulls of 1455 and 1492.

Don't let this information alarm you because without it you cannot be free, You have to understand that all slavery and freedom originates in the mind. When your mind allows you to accept and understand that the United States, Great Britain and the Vatican are corporations which are nothing but fictional entities which have been placed into your mind, you will understand that our slavery is because we believe in fictions.

THE END
