Dear Ms. Ruel:

Be advised that I am responding to your letters at the direct request of Attorney General Ketterer who is aware of the content of each of yours.

As your charges were reported to and reviewed most recently by former Attorney General Michael Carpenter and former Chief Deputy Attorney General Vendean Vafiades and found to not warrant any action, Attorney General Ketterer will not authorize the use of scarce resources to conduct another investigation of the same charges.

I wish to further advise you that Attorney General Ketterer has authorized me to inform you that additional correspondence from you, or others associated with your case, namely Philip Castora, will not be responded to and will be turned over to our Investigation Unit.

Sincerely yours,

  
David Laurent, Esq.  
Special Assistant to  
the Attorney General
