## HOW "YOUR" TAX MONEY IS SPENT FOR YOU

1. A small child is seriously injured due to fraud by R.E. salesman, Phil Bard, Winslow. Brennan and Richard Cohen cover-up begins so to protect co-conspirators (bank officials and lawyers) with Bard in cases of bankruptcy fraud and embezzlement of business funds and the Winslow School Federal Const. Funds.
2. Property and buildings defrauded from elderly couple (Cole's) in a conspiracy involving Attn Louis Vafiades, Judge McGinnis and law partner E. Gray. Another Brennan and R. Cohen cover-up assisted by the Overseers of Bar
3. The Carabassette Mystery Bridge leading to County Comm. property. One of many bridges built illegally with your money for private persons/corporations
4. Judge David Cox - Appointed by Brennan although warned that Cox was a totally corrupt D.A. - Cox later convicted by jury for land fraud. Cox quietly is allowed to retire with a plush pension paid by the unsuspecting tax payer.
5. James Tierney - Brennan nominated Attn Gen. Tierney is involved in the massive, illegal bridge cover-up and falsely prosecution and imprisonment of several professional women, in separate cases, who tried to expose corruption.
6. Richard "King Kover-Up" Cohen - A sleazy, bottom feeding little man whose only known job description has been to protect the corrupt state "System" by cover-up, and malicious prosecution of "whistle-blowers". As Maine's U.S. Attn., Cohen exceeded his own criminal activities record, when Attn Gen. R. Cohen is involved in every treacherous crime that he can locate.
7. "YOUR" Dedicated Congressional Delegates - What did they know, and when did they know it??? - Snowe, Wm. Cohen, Mitchell, who never tire of of proclaiming their concern for the elderly, the young and Maine, were all part of the cover-ups, - are part of the politically organized criminal network AKA, the System", and have for years ignored and concealed the widespread corruption in Maine carried out by their "System". There is never any conflict between Democrats and Republicans corruption, only the argument about who gets the office in order to get the spoils. Exposure means no profits.

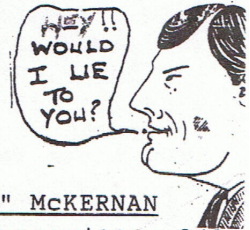

8. David ("The Crook") Crook - A created character by the Brennan Demos. Crook, without talent or any background, and incapable of handling a case before the court, has a "life" fabricated for him. Crook is given an outstanding, but phony background, so to deceive the voters, be elected D.A. and block any criminal expose that threatens their "System". Both Parties love Crook.

9. "The Outlaw Sheriff" Hackett - Another Brennan (and Crook) "background" creation, by transforming a life-long drug-addict and thief into "Sheriff Hackett". Whereupon, Crook, Hackett team up to steal the County blind and cover-up their deputy's involvement in a child sex-ring and attempt to destroy the files to cover-up their cover-up.

10. "Joke" McKernan - is presented with criminal evidence and notice that 21 police and police officials would be willing to testify against Crook and Hackett. McKernan ignores their plea-Sentinel reporter, who is given the story, is offered a cushy job by the McKernan Office. Dan Austin, "reporter", jumps at the bribe.
